

Possible Items to Assess and/or Provide Feedback	Information Purpose	Peer Feedback	Descriptive Feedback	Grade for Quality
Activity 2 (prior knowledge)	✓			
Activity 6 (Interpretive)	✓			
Activity 7.5 (Presentational)		✓	✓	
Activity 11 (Interpersonal)		✓		
Activity 13 (Presentational)			✓	
Learning Cycle Performance Task (Presentational and/or Interpersonal)		✓		✓

Information purpose:

Teacher may collect or just observe students' answers and use it for information purposes. No need to grade.

Peer Feedback:

Students provide feedback to each other's work.

Descriptive Feedback:

This is not a good ol' "Good Job!" type of feedback. Teacher provides descriptive feedback in which he/she highlights what the student is doing well and what areas can improve and how they can improve them.

Grade for Quality:

Teacher evaluates students' work. Compass Interactive Workbook provides the rubric to help teachers with this. Teacher analyzes students' work and recognizes overall trends to improve his/her instruction.
